

SHIPPING BOARD IS CHARGED WITH GROSS CORRUPTION

Report Says Funds Were Wasted Thru Failure of Board to Function Properly—Paid Payrolls Charged—Man Said to Have Been Paid for Selling Hulls at \$5,000 Each

WASHINGTON, Nov. 9.—(By The Associated Press.)—Corruption of employees and officials of the shipping board emergency fleet corporation, graft in purchasing supplies for and in repairing government-owned merchant ships, and use of political and other influence in obtaining contracts for ship construction and allocation of completed vessels to operating companies are among charges made in a report to the house committee on shipping board operations by A. M. Fischer and J. F. Richardson, former board employees.

Chairman Benson of the board refused to discuss the report, declaring any statement would be made to the house committee.

The report was made public tonight by the committee and deals exhaustively with many phases of shipping board operations as observed by the committee's investigators of more than a year.

Mr. Fischer formerly connected with the federal trade commission made a survey for the shipping board as to record keeping systems in the office of the Lumber Administration. Mr. Richardson, a newspaperman was employed several years in the board's department of investigation.

Mr. Fischer explained the report was designed to deal only with problems which could be solved by the shipping board and "left untouched" 14 general subjects in connection with the board's operations.

Among these were enumerated organization of the board technical errors in the construction program German-American deals assumption of the diplomatic functions by board enforcement of the new merchant marine act and evasions of the selective service act.

Charge Gross Waste of Funds
The report charged gross waste of government funds improperly drawn contracts which cost the government large sums and lack of efficient corporation and the almost complete failure of some divisions of the board to function properly.

Padding of payrolls by firms repairing vessels, ownership by companies operating government vessels or stock in companies furnishing supplies to those crafts at prices ranging from 40 to 50 percent above wholesale costs, wholesale theft of supplies and equipment, and loss of millions of dollars thru improperly secured loans to ship contractors.

Bonds issued by companies incorporated by the contractors, it also was charged to secure the loans, have since been found worthless.

The charge also was made that many shipbuilding plants, "which are going concerns, are turned back to contractors as salvage propositions and the contractors thus reap large profits."

Another allegation was that many firms holding contracts inaugurated liberty bond selling crusades in their plants and charged to ship contractors a percentage of the money secured as the cost for selling the bonds. It was further charged that in some cases the fleet corporation authorized contractors to take from "their appropriated funds" sums that subsequently in some cases these bonds were sold or hypothecated at a loss and the money thus realized used "for plant purposes."

"They then put in a claim against the shipping board for losses incurred declared the report. The report alleged it was asserted by 'persons in position to know' that the sale of the millions of dollars worth of materials owned by the fleet corporation had netted 13 1-2 cents on the dollar when the shipping board was purchasing the same materials in the open market at prices in advance of the original cost of prices of those sold.

Question of Maladministration.
"However," said the report, "the question seems to be one of maladministration, rather than one of fundamental conditions."

The report said that the "Bardie company" was trying to purchase under a blanket contract all supplies and stores of the fleet corporation and charged one official of this company was also "an advisor to the shipping board's cancellation and claims board."

The shipping board announced last night the sale of surplus materials on the Pacific coast valued at about \$15,000,000 to Barde Brothers incorporated of New York.

The report asserted that the shipping board entered into a contract with George F. Rogers to remove hulls which were unfinished or to secure from the builders or the owners of the land on which they rested a release from further liability.

TARPON FISHING OCCUPIES TIME OF PRESIDENT ELECT

Hooks a Big Fish But it Gets Away When Line Breaks

LOOKED BIG TO COMPANIONS

POINT ISABEL, Texas, Nov. 9.—(By Associated Press.)—President-Elect Harding went tarpon fishing today and altho his prize catch got away after a forty-five minute tussle, he liked the sport so well he stayed out until nightfall.

It was breaking of a troll line tangled in an old wharf that lost him his fight with the biggest fish he ever hooked a tarpon described by his companions as measuring more than six feet.

The president-elect's boat had pulled in near shore and the sea giant was showing signs of giving up when the line caught and snapped in two. He had several other bites but came home empty handed.

Mr. Harding set forth on the expedition shortly after 8 a. m. At the life saving station, three miles out he transferred from his motor launch to a skiff. The fight with the tarpon took place soon afterward and when it was over he decided to make a day of it.

Previously he had planned to play a game of golf during the afternoon.

Mr. Harding's companions were F. H. Scooby and R. B. Creager, his hosts here and Senators Hale of Maine and Elkins of West Virginia. Harry M. Daugherty joined the party in the afternoon.

Should Investigate Contract.
The report said the contract entered into with the American lumber sales company "should be gone into by this committee because it presents some questionable features."

The report charges that the company was to some extent, composed of persons previously engaged with "the fleet corporation; that it purchased materials from the corporation at a stipulated price and sold them at an advance sometimes of more than 100 percent and that in many cases it appeared that the company used fleet corporation plants and equipment, to reap enormous profits from the sale of materials purchased from the fleet corporation.

The contract with the Southern Scrap Material company which it was stated had been "abrogated" also was criticized.

It was charged that materials, were sold to the company at prices far below market quotations.

The report further charged that the organization of the board's and sales department was used by the company to sell materials purchased from the board and that in many cases these supplies were sold "for perhaps 100 to 125 per cent net profit" to the company.

SENATOR PENROSE HAS SINKING SPELL

Philadelphia, Nov. 9.—Senator Boies Penrose, who has been ill about a year was reported tonight to be worse. The report, which said the senator had a sinking spell Saturday from which he has not entirely recovered could not be officially confirmed.

Senator Penrose who was for several months confined to his home here had so far recovered that he was able to go to Atlantic City last month for two weeks. He returned October 18 and was reported much improved.

NO NIGHT SESSIONS FOR CON CONVENTION

Springfield, Ill., Nov. 9.—After voting down a proposal to hold a night session to discuss reports of the revenue committee the constitutional convention adjourned this afternoon until tomorrow. The entire afternoon was taken up by defense of the majority revenue report by George C. Gale of Galesburg and two brief speeches.

Joseph Fisher of Bloomington spoke in approval of the minority report of Delegate Kerrick of Bloomington which would make an income tax law mandatory and give the legislature latitude without restriction in taxing income from stocks and bonds.

NO CURTAILMENT OF BANKING LOANS

Topeka, Kans., Nov. 9.—No general curtailment of banking loans in Kansas is contemplated despite a strain on financial institutions resulting from a slowing up of grain marketing. W. E. Wilson, state bank commissioner announced today following a meeting of the executive council of the Kansas State Bankers' Association. Each application for credit will be considered on its own merits.

CHILDS WILL REDUCE FOOD PRICES

New York, Nov. 9.—Prices of food served at Child's Restaurants throughout the United States will be reduced from 11 to 23 per cent, it was announced today. The ten cent cup of coffee, however, will remain.

PRIVATE OWNERSHIP OF RAILROADS ONLY PLAN OF OPERATION

Committee Says Public Ownership Has Failed

P. J. LUCEY OF ILLINOIS SPEAKS

WASHINGTON, Nov. 9.—Public ownership and operation of the railroads has failed wherever tested, declared a committee report made today to the annual convention of the National Association of Railway and Utility Commissioners.

The question of private ownership with regulation as against public ownership without regulation, should no longer be considered by investigators as an open question, the report asserted. It added private ownership and operation with public regulation was the "only just and honest manner of conducting public utility business."

P. J. Lucey of Illinois presented the report as chairman of the committee.

The convention ordered the report printed without other action after Edward Field of Missouri had opposed, saying he favored public ownership.

Will Bear Watching.
Mr. Lucey declared that the situation in Illinois regarding public utilities commission would "bear watching to see what comes out of it."

The governor-elect, he said, had won on a platform of municipal ownership and home rule but had run 400,000 votes behind Senator Harding because "there are enough honest Republicans in Illinois who don't believe in the program of confiscation of private property."

Utilization of state regulatory commissions as regional federal commissions was proposed by Judge G. W. Anderson, of Boston.

"I see no solution until our railroads are both unified and nationalized," he told the convention adding that the transportation act went farther toward federalization than had been generally recognized."

The speaker said he was "not hopeful" of the success of the transportation act. "The results since March 1, 1920," he said, "are hardly less than appalling. I find no sign of economy, hard work or efficiency. But the experiment should be tried fairly and with entire good faith."

"The day of any considerable control over rates by the states is nearly, if not quite passed. What is needed is that there shall be a delegation by the nation to the state officials of national power, together with a guarded, but adequate right of review by the central national tribunal."

FORMER PRISON WARDEN IS DEAD

CHICAGO, Nov. 9.—Major Robert Wilson McClaughry, 81, formerly warden of the federal penitentiary at Leavenworth, Kans., at Joliet, Ill., died at his home here today.

Major McClaughry was born at Fountain Green, Illinois and enlisted as a private in the 118th Illinois Infantry in the Civil war, rising to major. He was warden at Joliet from 1874 to 1878, general superintendent of the Pennsylvania Industrial Reformatory from 1888 to 1891 and chief of police here from 1891 to 1893. In 1899 Major McClaughry became warden at Leavenworth, serving until 1913 when he retired.

STORK BEARING COAT OF ARMS VISITS QUINCY

Quincy, Ill., Nov. 9.—A stork bearing coat of arms and heraldry, visited Quincy late Monday, bringing to Marquis and Marquise Ugo Pietro Spinola of Rome, Italy, a son and heir. The marquis, nee Bull, grew to womanhood in Quincy. She married Allan Campbell, the English actress, several years ago, but their union was an unhappy one. She secured a divorce from him during the war and engaged in war work in France. Young Campbell fell on the fighting front in France, and in Paris his widow met the Italian count, their marriage being celebrated a little over a year ago in Paris.

MANY ARRESTS MADE

JOHNSON WOULD AVOID BASEBALL WAR IF POSSIBLE

Wants a Meeting of the Minor and Major Leagues

MUST NOT DECEIVE PUBLIC MILLER SAYS

KANSAS CITY, Mo., Nov. 9.—A plea to have the National Association of Minor League appoint a committee of three to meet a similar committee from the National and American Leagues in an effort to avert a baseball war and form a new governing body to control the game was made to minor leagues in convention tonight.

President Ban Johnson, of the American League, and G. W. Miller of Chicago, attorney for the league urged the minors to show no favor to either side in the dispute but asked that a committee be appointed to act should the National League be persuaded to join in.

President Johnson declared he favored granting minor leagues equal representation on the proposed new national commission with American and National Leagues. He said management of baseball should be in the hands of men who have given their lives to the development, clarification they were better qualified to clean the sport. He declared his opposition to the Lasker plan.

Reveals Inside Story.
After revealing the inside story of the situation which resulted in the break Attorney Miller explained his opposition to the Lasker plan saying it had its conception in the idea "something must be done with the public" to offset the 1919 world series scandal.

"If we are going to re-organize it on a sound, sane and practical basis that will get us somewhere and not with the idea of deceiving the public into believing we are doing something we are not."

The minor leagues adjourned without taking action on the recommendation of the American League officials, but the sentiment prevailed that the Lasker plan would receive no consideration at this time.

TEXAS GIRL JILTED COMMITTS SUICIDE

CHICAGO, Nov. 9.—Plunging a Mexican dagger into her heart while talking to her former fiancé, Miss T. Saunders, 25, of Laredo, Texas, ended her life on the mezzanine floor of a downtown hotel here today. H. H. Garver of this city declared an engagement between the two had recently been broken off, but declined to tell why. The young woman left no explanation of her act.

Hotel officials said the young woman registered November 1 and appeared well to do. Today's conversation between Miss Saunders and Garver was said to have followed a conference with an attorney.

Garver, who is connected with the association of commerce, is said to have met Miss Saunders while on a Texas trip with association members.

Garver said the young woman gave no warning but suddenly drew a long dagger from her sleeve and plunged it into her left side. Garver is married but is being sued for divorce. A decree of separation was granted some time ago.

LIVESTOCK MEN WILL APPOINT COMMITTEE

Columbus, O., Nov. 9.—Present proposals for disposal of the packer's interests in the Chicago stock yards were disapproved by mid-west farm bureau federations in conference today. In a telegram to the organization's legislative representative in Washington, the body instructed him to "request that the department of justice desist from accepting any proposal until a livestock marketing committee has considered them. The federation it was explained, representing livestock men, would appoint a committee to study the situation and experts to make the departmental proposal by which producers may gain some control of the yards."

WILL INVESTIGATE ALL ELECTION FRAUDS

New York, Nov. 9.—District Attorney Edward Swann ordered laid before the grand jury today all alleged election frauds reported since the election a week ago.

Among these were the finding of twenty-six ballots marked for Democratic candidates in a sewer near one polling place, and a report by Mrs. Nor Stanton Barry, an election official, that the Republican ballots cast in the thirteenth election district of the first assembly district were declared "void" by other officials over her protests.

SUGAR PRICE REDUCTIONS FAILED TO MATERIALIZE

Montreal, Nov. 9.—Further reductions in sugar prices failed to materialize today altho Atlantic Sugar Refinery stock was driven, by heavy selling, to a new low level of forty.

Refiners said they expected their market to rally soon but retailers were buying conservatively, notwithstanding the flat 13 cents quotation to wholesalers was unchanged.

PRESIDENT WILL SEND COLBY TO SOUTH AMERICA

Will Return Visits of Uruguay and Brazil

WOULD LIKE TO RETURN VISITS

WASHINGTON, Nov. 9.—(By The Associated Press.)—President Wilson announced tonight he had directed Secretary Colby "on behalf and in my stead" to visit Brazil and Uruguay in acknowledgment of the visits to this country of the presidents of those republics.

In addition the president said he would be gratified if Mr. Colby also visited Buenos Aires in response to the invitation from Argentina.

"It has been my hope that I might personally return these visits," the president's statement said regarding the tours in this country of Presidents Brum of Uruguay and Pessoa of Brazil, "and I can conceive of no worthier object to which I could dedicate my time and strength; but I am prevented from doing so and cannot longer postpone the courtesy of their reciprocation which this country is strongly desirous of showing."

On Friendly Terms
The history of the relations between the United States and the friendly republics in South America, the statement said, was marked in 1918 and 1919 by two incidents of the most agreeable character.

"I refer to the visit to this country in August 1918 of Dr. Baltasar Brum, now president of Uruguay and in 1919 to the visit of Dr. Epitacio Pessoa, now president of Brazil. Both visits called forth demonstrations on the part of the people of the United States of the utmost cordiality and good will toward the visitors."

"I have directed the secretary of state on my behalf and in my stead to visit both Brazil and Uruguay and to extend to the peoples of both those countries the most emphatic assurances of the esteem and friendship of the people of the United States and of the desire felt in this country for the strengthening of every tie that binds our respective peoples."

"I am also much gratified that it will be possible for the secretary of state to accept the invitation of the Argentine government to visit Buenos Aires and to carry the same assurances of our high esteem and deep good will."

BALTIMORE WORKERS SATISFIED WITH WAGES

BALTIMORE, Md., Nov. 9.—Twelve thousand workmen, members of building trades in Baltimore, have declined to accept an increase in wages. At a meeting tonight the workers a motion to accept a wage advance from 90 cents to \$1 an hour was tabled overwhelmingly. A year ago the union rate was fixed at 90 cents an hour with the understanding on November 1 the increase would become effective.

Employers made no attempt to recede from the agreement. Some of the men said that as prices are falling and there are indications of steady work at the present wage they are satisfied.

BULGARIA WANTS TO JOIN LEAGUE OF NATIONS

Geneva, Nov. 9.—(By Associated Press.)—Bulgaria's request for admission to the league of nations was received today. The Bulgarian premier last premier, declared claims for the government and the nation any complicity in the decision of King Ferdinand and his government to join the central empires in war. He points out Bulgaria as soon as it was in a position to do so, severed all ties with past, and at present was a stable government which had given proofs of its loyalty toward the entente.

GERMAN WORKERS HAVE WORKER'S DAY

Berlin, Nov. 9.—After a proclamation issued Monday by the general federation of labor unions, Greater Berlin's industrial and technical workers made today, the second anniversary of the German revolution a workless day. They were not however, supported by the middle classes.

Retail businesses proceeded without interruption although the downtown crowds were of small proportions owing to cessation of the tramway and subway services. Reports from metropolitan centers in Germany show that the day passed off without violence.

New York, Nov. 9.—The National Democratic club today elected President Wilson and Governor Cox, honorary life members "for conspicuous service rendered to the world."

STATE DEPARTMENT OFFICIALS STUDYING TRIPARTITE ACT

It is Doubtful Whether a Protest Will be Made

ALLIES WERE FORCED TO ACTION

WASHINGTON, Nov. 9.—(By The Associated Press.)—State department officials are carefully studying the tripartite agreement concluded between Great Britain, France and Italy to create spheres of influence in Turkey but it was stated today any objections that the United States might have had not reached the formative stage.

Because of the unsettled future of American foreign policies due to the change of administration, officials indicated it was doubtful whether, even should provisions of the agreement be found objectionable to the policy of this administration the United States would find it expedient to forward protest. The question about which the state department has been most concerned, officials said, was whether provisions of the treaty violated the principle of equal commercial and economic opportunities to all nations in Turkey, enunciated by the American government in its note on the Turkish settlement to the allies last March.

In answering the allies' last aloofness exhibited by the United States in European problems made it necessary for them to reach such equitable arrangements as they might be able to agree upon.

Some officials profess to regard the tripartite agreement as a division of economic spheres in Turkey to which the allies feel themselves entitled in return for the responsibilities which they have assumed in the administration of the Turkish territories.

LOWEST CORN PRICE IN FOUR YEARS IS QUOTED IN CHICAGO

Flour Drops Below \$10 Per Barrel in Minneapolis

PORK ALSO FOLLOWS CORN DOWNWARD

CHICAGO, Nov. 9.—Lowest prices in four years prevailed today for wheat, corn and oats on the Chicago board of trade. The new prices represented declines of six to seven cents for wheat and two or three for corn and oats yesterday. Wheat was 23 to 39 cents lower than a week ago, and corn quotations were less than one half what they were six months ago. December wheat closed at \$1.77 to \$1.78; December oats 49c.

Coincided with the new low prices in wheat came announcement from Minneapolis millers of declines in family patents to new lows, the price dropping below \$10 a barrel for the first time in nearly four years. Lower corn prices were followed by declines in pork. Heavy receipts, aggregating 106,000 animals in ten markets were declared to be one of the causes.

Weakness of wheat was ascribed by some brokers to reports that Kansas City bankers were considering curtailing credits, which, if done, might force Kansas wheat on the market, it was said. Later reports, quoted the Kansas bank commissioner as saying that while some banks were overloaned, there would be "no" blanket order for curtailment of loans, but that each bank's situation would be considered on its merits.

He declared there was no strike of Kansas farmers.

REFUSES STATE APPOINTMENT

Springfield, Ill., Nov. 9.—Harrist Fulmer of Chicago, head of the Cook county public nursing service who was recently appointed to direct the reorganization and co-ordination of the state public nursing service, has declined to accept the place, according to an announcement today by Dr. C. St. Clair Drake, Director of public health. Appointment of some one else in her place will be announced soon.

WHISKEY RINGSTERS WILL BE ARRESTED

Chicago, Nov. 9.—Federal warrants were issued late today for "Mike de Pike" Reitter, James Greenberg and Robert Perlman on charges of possessing and selling liquor and procuring whiskey from forged government permits. Reitter recently figured in a theft of \$175,000 worth of whiskey when he made an alleged confession implicating policemen.

CAN'T FIND COUNTY SURVEYOR

Hillsboro, Ill., Nov. 9.—Elected surveyor of Montgomery county in the Republican landslide a week ago, "J. Johnson" of "No one knows where he can't be found. The name was written on the Republican primary ballot in October as a joke. Johnson was elected replacing a man who has been surveyor for twenty years.

REDCROSS WORKER REPORTED KILLED BY RED CAVALRY

Two Nurses Also Reported as Victims of Bolsheviki

VICTIM WAS WITH AMERICAN ARMY

LONDON, Nov. 9.—Captain Elmer Kilpatrick, representative of the American Red Cross in South Russia and two nurses, were brutally killed during a Bolshevik cavalry raid on Salkovo station, says a Sebastopol dispatch to Reuters, Ltd., tonight.

Washington, Nov. 9.—Reports reached the state department today that Captain Elmer Kilpatrick of the American Red Cross and C. Atchney of the Mennonite Relief Society had been captured in the soviet advance in Southern Russia but no mention was made of their possible death. It was believed that the recent assertion of the soviet government that an "American mission" headed by "General Morel" had been captured was founded on the capture of Kilpatrick.

Kilpatrick was last seen, advices said, at Novolaxevsk, October 30. Mr. Atchney, who is founder of the Mennonite Relief Society, landed at Halberstadt October 25.

With American Army
Kilpatrick, formerly publisher of a country newspaper, served with the American army in France as lieutenant of field artillery. He obtained his discharge in Paris in September, 1919, and became connected as a civilian with the peace commission.

Kilpatrick then joined the Lithuanian army as a captain along with other Americans and saw several months of active service on the Lithuanian Bolshevik front. He returned to Paris to join the American Red Cross in 1920 and was ordered first to Constantinople and then to Southwest Russia.

Kilpatrick's next of kin was shown as Lida M. Kilpatrick, sister, of Camden, Alabama.

Kilpatrick was last seen at Novo Alexievsk on October 30, stripped to his underwear in bitter zero weather and being led away by Red Cavalry raiders, said the state department's official announcement.

GOV. COOLIDGE SPEAKS OF NATION'S DEBT

BOSTON, Nov. 9.—Governor Coolidge, speaking here tonight, said economic and governmental needs went hand in hand and that they could not be met properly with co-operation between business and government. He referred specifically to the problem of the national debt.

"The nation," he said, "is under a great burden of public debt, \$2,000,000,000 in all. We have great resources with which to meet it."

"We can't shift this burden. We must educate the people that they must bear it, distributed among all. We must have all the organizations, intelligence and skill that we can to meet this burden."

"But we shall meet it."

FOX HUNTERS HOLD ANNUAL CONVENTION

Crab Orchard, K.K.Y., Nov. 9.—Five hundred fox hunters including delegations from Illinois and Wisconsin are gathered here for the annual convention and meeting of the National Fox Hunter's association. Field events opened today, but the big event of the meeting, the derby in which 79 dogs are entered has not been decided.

NO LONGER THE SOLID SOUTH

The old phrase of the "solid south" will hardly do any more when referring to political affairs in the U. S. Nineteen Republican congressmen who will answer the roll when next congress convenes live in states south of the Mason and Dixon line. Even in the southern states they are learning that Republican rule is most beneficial for the country and that protective legislation can come only thru the G. O. P.

AN EXPERIMENT WITH CRIMINALS

Thomas Mott Osborne proposes to become an inmate of the Maryland penitentiary in order to get an exact knowledge of conditions from the convict's point of view. If someone else had made the proposal, it would be looked upon as something of a visionary experiment, but this millionaire philanthropist during passing years has given proof of his practical ideas for reforming criminals, or at least giving them another chance.

OUTDOING THE POLICE

They ought to appoint John Carroll president of the Hyde Park bank, chief of the Chicago police force. The bank president after the police department had failed to locate the criminals who shot down a bank messenger and made away with his satchel containing about \$300,000 in checks, chased the criminals down himself and recovered the property. This is a commentary both on the inefficiency of the police and the efficiency of the banker.

BOOTLEGGERS WOULD BE GLAD TO CONTRIBUTE

The baseball magnates have offered Judge Landis a salary of \$50,000 a year for a period of seven years to serve as chairman of the special board of control. The judge has taken the matter under advisement. There is no doubt but that bootleggers and other offenders against the law who come within Judge Landis' jurisdiction would gladly contribute toward that salary if it will result in his retirement from the bench. These offenders do not have a liking for the sentences that Judge Landis imposes in his efforts to bring to pass a wholesome respect for law.

BLOWING OF STEAM

London authorities are trying out a new plan for the handling of the radicals. Recently they have allowed public meetings of all kinds, no matter how incendiary the talk, and have found that given this opportunity to blow off steam, that the Reds have made little impression.

Perhaps it is the very fact of repression that has helped the growth of Bolshevism in the past. To some minds the attacks and repression have put a sort of glamour about radicalism which has made it attractive. At any rate, the result of the London experiment will be watched with interest.

A candidate sometimes talks himself to defeat and perhaps the same thing will work with the radical orator.

SOLDIERS THAT RE-ENLIST

Those stories about re-enlistment of soldiers in Germany are a little hard to believe. Most American soldiers who saw service overseas are not willing to put on the khaki uniform again until some danger greatly menaces the country. Yet the recruiting department of the army says that some soldiers as soon as they have been released from service in Germany at the end of their enlistment period, have immediately re-enlisted.

THE EXCESSIVE CRIME RATE

A man must be brave these days who holds a bank messenger's job in Chicago. The holdup of a messenger is a matter of almost daily occurrence and murders in connection with these holdups are frequent.

Conditions existing there bring to attention some facts about the excessive crime rate in this country, to which Mr. Fosrick makes reference in his recent book:

New York City, in 1915, had six times the number of homicides (murder and manslaughter) that London had for the same year. In 1917, the homicides in New York City exceeded the total homicides of England and Wales put together, by 56. In each of the years from 1914 to 1918 inclusive, New York had more homicides than occurred in London during any three-year period previous to the outbreak of the war in 1914.

In 1915, St. Louis had eleven times the number of homicides that Liverpool had, and in 1916, eight times the number. Los Angeles is one-twentieth the size of London, but it had two more homicides in 1916 than London had for the same period. In 1917, it had ten more than London. These relative records pertain to other larger cities in the United States.

Even more startling are the statistics of robbery. New York City, in 1915, reported 838 robberies, where London had 20; in 1916, New York 886 to London's 19; in 1917, New York 864 to London's 38; in 1918, New York 849 to London's 63—all of England and Wales together had only 100 in the same year.

BLACK AND WHITE COAL

Americans are notoriously the most wasteful people in the world. Enough food is wasted in this country to feed some of the smaller nations that are now suffering from want as the result of the World War, but this is not as serious as is one profligacy with two of our essential natural resources: coal and petroleum. The rate at which we are consuming our coal and oil, which has taken countless thousands of years to prepare for our use, is scandalous.

People have been burning coal at an increasingly rapid rate while neglecting the development of water power, often times referred to as "white coal."

The difference between the "white and black" coal is that while water power perpetuates itself and it is not consumed, our limited coal resources can never be replaced.

For example:—The Pittsburgh coal bed in Pennsylvania was estimated only four years ago as good for thirty generations, but the rate of mining has so greatly increased that we must measure the exhaustion of this largest bed in the state of Pennsylvania in a single generation.

George O. Smith, director of the U. S. Geological Survey, in a

recent address, showed that of each thousand tons of coal marketed, 250 were consumed in the industries, 250 tons by the railroads, 165 tons in domestic heating and cooking, 130 tons in making coke, 60 for export and for bunkers and 35 for mining in the coal field, and 10 tons in gas works.

It has been estimated by experts that the locomotives used in the East Atlantic zone taking Boston as northern boundary with the western line extending from Shennectady to Harrisburg, Pa., and with Washington, as the southern limit, represent 7,000,000 horse-power. Locomotives run actually but a small portion of the time, but their fires must be kept going.

If all the railroads in that district were electrified, 600,000 horse-power of electrical generating capacity would operate generating 600 pounds of coal contain heat units equivalent to 1,000 horse-power-hours. As the transformation of power cannot be made without loss, the big central station uses about 1,200 pounds to develop this amount of power, but the little steam plant, due to inefficiency, wastes 9,400 tons of coal for every 600 pounds of coal really utilized—nearly 16 to 1 ratio in favor of the big plant.

NOT A PARTY VICTORY

"The Republicans of the country will be guilty of self-delusion from which they will later suffer if they look upon the result of the recent election as a party victory," declares the Republican Publicity Association. "It is a party victory only in the sense that Republicans will be restored to control of both the legislative and the executive branches of the Government, but an analysis of public sentiment as manifested in political discussion leads to the conviction that the course pursued by the voters in marking their ballots was determined by their dissatisfaction with the Democratic party and its administration of the affairs of the Government, rather than by implicit confidence in the Republican organization. More than ever before in its history the Republican party is now on trial before the country."

"The situation which confronts the United States is a critical one. By many it is believed to be one of the most critical in our history. However that may be, none will gainsay the assertion that the problems which confront the nation are not only most difficult but most pressing."

"For eight years we have had an administration of watered waiting, of surrender to foreign rivals of internationalism rather than Americanism, of personal government rather than government by law, of extravagance and inefficiency rather than economy and high standards of public service."

"We are assured by the successful Republican nominees that they propose a return to the government of the Constitution, a representative government with each of the three co-ordinate branches exercising its own functions in co-operation with but not subjection to the others. We are assured that there will be conference by the head of the administrative branch of the Government not only with Members of Congress but with citizens everywhere who are in a position to render valuable advice and assistance. The problems of the day are not, therefore, for solution by the President and by Congress alone, but all citizens are invited to perform their duty as such by making such suggestions as they can to aid in the reconstruction process, through which the Government will encourage individual initiative, build up a permanent industrial prosperity on a solid basis, and assure the perpetuity of government of, by and for the people."

WILL ASSIST IN RED CROSS WORK

Miss Parks, an Experienced Worker, to Serve Temporarily as Secretary Here

Miss Lulu C. Parks has come to Jacksonville to serve temporarily as secretary of the Red Cross society. The directors count themselves fortunate in having secured the services of Miss Parks until such time as the recently appointed secretary will be able to assume her duties. Miss Parks has had abundant experience. Before the war time she was resident in Chicago and for a number of years was active in the work of the United Charities. Then she was in Red Cross work during the war period and since that time has been continuously associated with the work which is related to the peace time program.

Miss Parks has specialized along some lines of Red Cross activity and her qualifications have taken her into a number of states where special conditions have existed. Her stay in Jacksonville will probably be at least until the first of the year, and her presence is expected to give increased interest to local Red Cross affairs.

A Remarkable Campaign

One of the most unusual National Campaigns was that of the year 1856. There were three leading tickets; Republican for the first time, with John C. Fremont for President; Democratic, with James Buchanan for President, and the American. This latter ticket was headed:

"American Ticket
FOR PRESIDENT
Millard Fillmore
of New York
FOR VICE PRESIDENT
Andrew J. Donelson
of Tennessee."

There was much excitement then and great meetings, one of the largest here being the Fillmore demonstration. Many old Whigs were in that party.

FORMER RESIDENT OF FRANKLIN DIES

J. Melchi Hart Passes Away at Home of Son in This City—Born in Hart's Prairie Neighborhood.

J. Melchi Hart, a former resident of Franklin, died at the home of his son, Harry R. Hart, 806 South Main street at 6:30 o'clock Tuesday morning. About two weeks ago Mr. Hart suffered a stroke of paralysis and this was followed by another a few days ago and the patient grew gradually weaker until the final end.

Deceased was a member of one of Morgan county's pioneer families and all his life had been spent in Franklin and vicinity. He was the son of Rev. William P. and Barbara Fanning Hart and was born in Hart's Prairie neighborhood November 13, 1856.

After attending the public schools of his home community, Mr. Hart completed his education at the college at LaGrange, Mo. Early in life he engaged in the mercantile and undertaking business and conducted it successfully until a few years ago when he disposed of it. He also was the owner of some fine farm lands and residence and business properties. The past few years he has not been actively engaged in business, devoting his time to looking after his property interests.

He was united in marriage forty years ago to Miss Augustus Reinbach who survives together with two sons, Harry R. Hart of this city and Eugene E. Hart of Virden, and one daughter, Miss Barbara Hart of this city. Three brothers and four sisters survive, Peyton Hart, Alton; W. W. Hart, Justus Hart, this county; Mrs. Bertie McNeely, Mrs. Ella Crawford, Hart's Prairie neighborhood; Mrs. Mabel Whitlock, Nortonville, and one residing in Waverly.

Mr. Hart was a member of the Christian church and also of a number of fraternal orders. He was known as a progressive citizen and was highly regarded in the community where his entire life was spent.

Funeral services will be held at Franklin Thursday afternoon and burial will be in Franklin cemetery.

"EYES OF THE HEART"
A drama that proves that handsome is as handsome does. Every human being possesses hidden traits of character that only the hearts of those who love him can discern. Don't trust to your eyes in judging character. The finest traits may lurk under the most unattractive exterior. Let your heart testify. Who would not remain blind, when sight brings disillusionment and loss of faith in those we love? The story of a girl whose eyes played her false but whose heart played her true. Judge your casual acquaintances by what your eyes see, but those you love by what your heart discerns. "What do they see in each other?" Not what your eyes see but what their hearts discern. For the eyes of the heart may be relied upon.

IN MEMORIAM

Laura A. Kellogg.
A kindly soul has passed on. Laura A. Smith was one of ten children born to David A. and Eliza E. Smith, here in Jacksonville; and here, amidst her friends she spent her life. We who knew her recall the beautiful young girl, the gentle young woman, the woman growing gently elderly. In 1877, Miss Smith became the wife of Captain James H. Kellogg, a soldier of "the Sixties." They were the parents of children who left them in infancy, and the Captain answered the last call some years ago.

Mrs. Kellogg succeeded to the fine old homestead on Grove street and quietly and unostentatiously lived out the goodly number of years allotted her; kind, genial, attractive, and showing little effects of age. Mrs. Kellogg became a member of Westminster church after the great revival of 1863; and she witnessed a good profession. She was one of the esteemed and honored women of that communion, as respected by the friends of her youth and later days in the community.

So living, she has gone on to the brighter land, where they "need no candle, neither light of the sun; for the Lord God giveth them light, and they shall reign forever and forever."

FUNERAL SERVICES WILL BE HELD TODAY
Funeral services for Mrs. Laura A. Kellogg will be held from the residence, 1061 Grove street at 2 o'clock this afternoon. A nephew, Rev. Thomas W. Smith will have charge of the service. Nephews will also serve as bearers. Interment will be in Diamond Grove cemetery.

Edna Sheppard and Martha Atwood will give a concert at the Illinois Woman's College Nov. 22nd, 1920. Admission \$1.00. Tickets on sale at J. Bart Johnson's and Brown's Music Stores.

MOVING TO CITY.

CITY PROPERTY

(1) In the third ward we offer a 6 room house, furnace heat, and nicely located. For immediate sale. Large lot and garden, fruit, barn and chicken house. Price \$4,000. Part cash and balance on easy terms.

(2) In the second ward an 8 room house, good location, south front, paved street. Price \$3,300.

(3) On North Main street we have a large lot with a 5 room cottage in good condition for \$2,250.

(4) In South Jacksonville, we have a lot 75x260 on car line with an 8 room modern house, nearly new. New garage for two cars. Good chicken house, garden, and fruit. Price \$6,500.

FARM LAND

Present conditions easily justify the payment of 7% or more for the use of money. But it is generally believed that we will have a reduction in interest in the coming months and years. When farm land sells at \$300 the interest at 7% is \$21 per acre. If money were worth only 5% the same farm could be sold for \$420 and the interest still be \$21 an acre. This means that with the coming of lower interest rates we are sure to see a corresponding advance in land values.

Again each acre of land must feed more people in the coming years and we can hardly expect any decline in land values, and well located on an oil road, \$275 an acre. Possession March 1st.

(b) I have a splendid farm of 160 acres a little farther out for \$250 an acre.

(c) A splendid 80 acre farm, black prairie land well tilled, fine new improvements and close to a good town, for \$350 an acre. This is a prime farm home.

MONEY

As we predicted the people who have waited until after the election have become restless and are now placing their money. We are certainly getting our share and all because we are really entitled to it. We have the securities, a satisfactory rate of interest, together with reasonable privilege. Just at this time we can place your money safely at 8% payable 2% every ninety days. See us about it at once.

FAMINE CONDITIONS DUE TO SHORT CROPS

PEKING.—(By The Associated Press.)—Famine conditions in Chihli, Shansi, Shaantung and Honan provinces, due to repeated light crops followed by almost complete failure this summer are reported by investigators to be the worst in years. It is estimated that twenty million people are in peril of death from starvation and disease during the coming winter unless help on a large scale is afforded. Thousands of families are already afoot making their way northward in the hope of finding food and employment. Others are selling their belongings piecemeal to procure food at greatly advanced prices. Farm and draught animals are being disposed of for a song for lack of fodder to keep them and fuel to cook them if slaughtered.

Dr. F. F. Tucker, of Tschow, Shaantung province, and Dr. E. J. Pell of Siao-chang, also in Shaantung, report that being without food and unable to buy it, people are living on weeds and the leaves of trees, cotton seed and bran. Children, especially girls, are being sold or given away, they say.

John Griffith, of the Canadian Presbyterian Mission, Changteh, North Honan, writes: "The last fading hope was that at least a crop of quick-maturing buckwheat might be secured after a late rain. But no rain has come and that hope is now entirely gone. Every road northwards swarms with the hunger-plunged humanity. The Peking-Hankow railway is generously allowing refugees to travel free on all trains bound for South Honan and Lupeh and these are crowded with families having many little children or old people who cannot face the trek over the mountain roads to Shansi and Shensi.

SPECIAL SERVICES AT TRINITY CHURCH

Today marks the fifth anniversary to the advancement of the priesthood of Rev. J. F. Langton, rector of Trinity church. It is also the anniversary of his call to the rectorship of this parish. The day will be appropriately observed by services at 7:30 and at 10 a. m.

During Mr. Langton's pastorate the church has increased in strength and influence. Mr. Langton has taken a large part in community life and he is looked up to with reverence by many people outside the membership of his own church.

ROODHOUSE

Mr. and Mrs. Jack Triplett returned home from Peoria Friday night. They were visiting relatives there.

George Fishback, who is at Our Saviors hospital, is convalescing after a serious illness of typhoid fever and complications.

Miss Freda Roberts, R. N., returned home Monday evening from Passavant hospital, where she has been nursing for several days.

An electric meat cutting machine has been installed at Jones' meat market, it being the only one of its kind in this part of the state. This machine cost \$500, and cuts meat faster than two men. This shop has practically an electric equipment and the meat is only touched by hands when placed on the scales and wrapped.

Mrs. Mabel Barnisel of Kansas City is here visiting her parents, Mr. and Mrs. A. D. McQuown.

Mrs. Mary Dagley has returned from Texas, where she has been visiting her daughter.

Called From Indianapolis. Perry Johnson of Indianapolis is here, called home by the serious illness of his brother-in-law, C. R. Dunn, of Barrow, who was later removed to Jacksonville for operation for appendicitis.

Miss Freda Schauberg, who has been here since last July, left Saturday for St. Louis, where she will visit before going in to Pittsburg, where she will make her home with a sister.

Evelyn Quann was ten years old Nov. 1, and entertained seventeen of her little friends at the home of her parents, Mr. and Mrs. Joe Quann, from three to five o'clock. The decorations and games were made appropriate to the Halloween season, with pumpkin faces, etc. Fruit salad and cake were served to the guests, who all had a delightful time. Evelyn received many nice remembrances.

Mr. and Mrs. G. E. Mason and daughter, Dorothy, returned last week from a two weeks' visit with his mother at Ashland and sister at Beardtown.

Mr. and Mrs. Leroy Dilley returned Sunday evening from Barry, in which city and vicinity they had spent a two weeks' vacation. They drove over in their car, but returned on the train.

Charles Champion, who, for a number of years worked as a plumber at H. C. Worcester's establishment, has resigned and went to work as pipe fitter for the C. & E. L. railroad at West Frankfort, Ill. His family will follow later.

George H. Richardson resigned as an R. F. D. carrier from Roodhouse post office two weeks ago to accept a position as oiler for the C. & A. railroad in the north yards here. He has carried the mail for 13 years. His permanent successor has not yet been appointed.

PLANS FOR RED CROSS SEAL SALE DISCUSSED

At Regular Meeting of Morgan County Anti-Tuberculosis Association — General Executive Committee Appointed to Have Charge of Work.

The regular meeting of the Morgan County Anti-Tuberculosis association was held at the clinic rooms Monday evening. Miss Miriam Russell, secretary of the board, told of the plans which the association has for the sale of Christmas seals. A general executive committee has been appointed to have charge of the work and the organization will be further perfected at an early date. The work has been sub-divided and each member of the general committee will have charge of a certain branch.

The members of the executive committee are: Rev. W. E. Spoons in charge of the sale of seals thru the local schools. Rev. J. F. Langton, in charge of the speakers for the campaign. Judge E. P. Brockhouse in charge of the canvass of the business district. Fred Darr, head of the display branch of the publicity department. Miss Eleanor Moore, in charge of newspaper publicity. Miss Janet Russell, in charge of sale of seals in colleges and state institutions. Mrs. C. A. Barnes, sales director.

The report of Miss Loving, the county tuberculosis nurse showed the extensive work which the clinic is now doing.

JACKSONVILLE LODGE HAS WORK

Jacksonville lodge No. 152 Knights of Pythias conferred the rank of Page on Ernest R. Bloomquist and Clyde V. Sturdy at the regular meeting Tuesday evening. A social time followed and smoker was enjoyed.

This afternoon the district convention of the Knights of Pythias will convene in Castle hall. The session will open at 2 p.m. Indications point to a large number of representatives of the various lodges in the district. Grand Chancellor O'Donnell and Grand Keeper of Records and Seals Doud will be in attendance.

Following the business session a banquet will be served followed by addresses and a brief program. A picked team from the two lodges will exemplify the work in the evening.

Social Events

Orleans Country Club Meets.

Members of the Orleans Country club met Tuesday afternoon with Mrs. Henry Weiborn at her home near Alexander. There was a large attendance of members and a number of guests were also present. The program included book reviews by Mrs. Clark Stevenson and Mrs. William Scott. A social hour followed the program and at this time the hostess served delicious refreshments.

The annual open meeting of the club will be held on Thursday Nov. 18, with Mrs. Albert Curry at her home in Pisgah. Each member is privileged to invite one guest to this meeting and an interesting program is being arranged.

Queen Esther Met Tuesday Evening

The regular monthly meeting of the Queen Esther society of Centenary church was held at the home of Helen Ferreira Tuesday evening at 300 East Lafayette Ave. Miss Ferreira and Miss Vivian Sturgeon were the hostesses of the evening. The devotional leader was Miss Eunice Hearle. Scripture lesson and prayer were followed by the regular business session. Miss Hearle favored the members with a vocal solo, "When You Look in the Heart of a Rose." The meeting was then turned over to Miss Ruth Wilkinson. The society was fortunate in having Miss Lillian B. Watkins of the Chicago Training school as a guest and she gave the members a very interesting talk which was much enjoyed by all present. Miss Watkins is at present conducting a series of lectures at the Illinois Woman's College and Delicious refreshments were served after which the meeting adjourned.

EXAMINE MEN FOR MILITIA COMPANY

A Nice Young Man.....Tom Galt
Aunt Lucy.....Aileen Manning
Alma Dale Briggs.....Billie Lind
"The Heart of Twenty," the Brentwood production, released through Robertson-Cole, featuring ZaSu Pitts, coming to the Rialto theater Wednesday for a run of two days.

is a sweet and wholesome comedy delightfully told.

One can't help enjoying this new ZaSu Pitts picture no matter how hilarious one may be. It is filled with that uplifting sort of humor so rare on the screen but so acceptable and desirable.

and there is pathos and a little tragedy, too, for "The Heart of Twenty" is one of those photographs built around a story as well as a star.

Lined in the fine, sure strokes of such a capable director as Henry Kolker, the story of "The Heart of Twenty" unfolds itself naturally and logically in one of those small but interesting American towns which so many millions of inhabitants of these United States affectionately refer to as "back home."

Miss Pitts as Katie Abbott, is twenty and although with the world before her is dissatisfied and unhappy to the point of tragedy because of her repressive surroundings, due almost entirely to the prim severity of her only relative, Aunt Lucy, a vinegary spinster of uncertain age.

Katie's woe, due to her introspection, reaches the point where she deems life no longer bearable and she attempts to do away with herself by drowning in a tiny rivulet mostly mud and pebbles. Her heroic effort at self destruction is interrupted by "A Nice Young Man" whose subsequent interest in the discontented orphan gives her an entirely new and rosy aspect of life.

The coming of another stranger to her town makes Katie's life full of action and her cup of joy is full.

TYPHUS IN WARSAW.

WARSAW. (By Associated Press.)—Major Charles D. S. Webster, of Bethlehem, Pa., has arrived in Warsaw from Armenia to direct the attack of the American Red Cross on Poland's 250,000 known cases of typhus.

Dr. Webster made a special study of sanitation and diseases for the American government mission in Armenia.

"It will take 10 years at the present rate of progress," Dr. Webster said, "to wipe out typhus in Poland. The fever has become epidemic thru six years of almost continuous fighting. We must have disinfectants, soap, clean linen, and clothing in great quantities if we are to make any impression against the scourge."

POLICE HAVE TROUBLE FINDING PLACE TO LIVE

Essex Falls, N. J., Nov. 9.—The police force of this village has threatened to resign unless he can find a "real liveable" house in which to make his home when off duty.

Samuel Mullins is his name. He is chief of police, sergeant and patrolman. By day he is expected to protect the village from stray cows and by night from prowling robbers, but in his spare time he has no satisfactory home, because of the housing shortage.

The borough council intends to adopt a resolution providing for the erection of two houses. Then the city fathers will double up the present size of the police force.

HARVEST HOME IS HELD AT BLUFFS BY M. P. CHURCH

Annual Services Attended by Many—Bluffs Boy Cuts Hand Badly on Jelly Glass.

Bluffs, Oct. 9.—The members and friends of the M. P. church held their annual Harvest Home service Sunday. Sunday school and church in the morning was followed by a basket dinner in the basement of the church with chicken, meat loaf, salads, pies, cakes and "most everything good to eat." At three o'clock the choir gave a song service followed by an address by Supt. Walters with "Boys" for a subject. It was full of splendid advice for parent, teacher, church and boy. We were sorry that more boys were not out to hear the talk.

Little Donald Weiss, while playing in the shed at his home with an old jelly glass fell, breaking the glass and almost cut the end of his third finger off. He was taken immediately to the doctor who gave him the proper care and the little fellow is getting along nicely now.

Henry Oakes has been quite poorly for the past week but is much better at present.

Mrs. E. G. Gray has been on the sick list for several days, being unable to attend to the store.

WILL CASE ON TRIAL IN CIRCUIT COURT

Many Persons Interested in Suit Brought Seeking to Set Aside Will of Late Martha Vantuyt.

The suit of Noah Hudson et al. vs. John Garvin, in which the complainants seek to set aside the will of Martha Vantuyt, is in progress before Judge Smith in the circuit court. Only a few witnesses were examined yesterday and the indications are that the trial will run thru several days.

The late Miss Vantuyt made a will June 18, 1918, witnessed by Dr. W. P. Duncan and R. C. Reynolds, and a codicil to the will under the date of July 15, Charles A. Johnson was named executor of the will. The estate includes 116 acres of land located near Ashland and conservatively estimated to be worth \$25,000. The deceased also had a house and lot in Denver, estimated to be worth \$5,000, and personal estate of about \$12,000.

In the original will the farm was bequeathed to John Garvin for his life and to his children after his death. By a codicil it was provided that Mr. Garvin should have a leasehold estate in the farm during his life, time and should pay a rental of \$550 to his children. By the terms of the will the personal estate is to be divided among nephews and nieces, grand nephews and nieces, one-half among the children of Robert Vantuyt, the other half among the children and grandchildren of Mary B. Hudson. By the terms of the codicil, the residue of the nephews and nieces, grand nephews and nieces, is maintained that the will fails to make provision for Mary E. Sink, who is one of the grand nieces of the testatrix was not of sound mind at the time of making the will and of the codicil that the testatrix was not of sound mind and memory, that illness had weakened her both physically and mentally.

It is charged that John Garvin, Florence A. Garvin Cowgour and Harry C. Garvin, who were given the bulk of the greater part of the estate, used undue influence. The further charge is made that the testatrix was influenced by Mrs. Catherine Cowgour Koenig, who was her nurse after her removal from Passavant hospital.

It is on these grounds that the complainants seek to have the will set aside.

The complainants are Noah Hudson, Robert Hudson, Mary W. Smock, Julia V. Schofield, Mary E. Sink, David H. Vangeison, Cecil L. Vangeison, Florence M. Vangeison, Oliver R. Vangeison, and the defendants: John Garvin, Harry C. Garvin, Florence A. Garvin, Vin Cowgour, Fred O. Vantuyt, Edward J. Vantuyt, Charlotte Vantuyt, Charles A. Johnson and the Old Ladies Home.

The complainants are represented by Thompson & Thompson and W. J. Chapman, while the defendants have as their attorneys Wilson & Butler and Bellatti, Bellatti & Moriarty.

The jurors hearing the case are C. W. Martin, Walter Riggs, L. A. Barnhart, Allen Fernandes, C. E. Grady, E. E. McPhail, Herman Ambreter, Oliver Lindsay, C. A. Brockhouse, M. A. Hulet, D. G. Claus and Dan Smith.

MATRIMONIAL

Smith-Splain

George Smith and Mrs. Stella F. Splain, both of this city, were united in marriage at 6:30 o'clock Tuesday evening. The ceremony was said at the home of the bride's father, A. A. Dyer of West Lafayette avenue. Only relatives of the contracting parties were present. The groom is a painter and they will reside on North Prairie street.

Kitner-Boston.

The ceremony uniting in marriage Edward Kitner and Maggie J. Boston was said by the Rev. M. L. Pontius, at his home, 508 West College avenue. Tuesday evening at 6 o'clock. C. W. Boston, brother of the bride, with Mrs. Boston being the only witnesses to the ceremony.

The bride is the daughter of the late Richard Boston and has made her home with her brother, C. W. Boston the past few years, altho she was born and reared in the village of Lynnville. Since coming to Jacksonville she has been identified with Central Christian church of this city and is a valued teacher in the Sunday school, and also active in other lines of church work and has many friends in this city as well as in her home town.

The groom has been a resident of Murrayville for a number of years and by his integrity and geniality enjoys the confidence and esteem of the people among whom he resides. He is in the employ of J. A. Carlson of Murrayville.

The newly married couple will have their home at 553 East Morgan street. Their numerous friends will wish them a long and prosperous wedded life.

Casey-Burke.

A pretty wedding took place Tuesday morning at St. Bartholomew's Catholic church in Murrayville, when Miss Catherine A. Burke became the bride of William T. Casey, Rev. Father Flynn officiated and Miss Irene Garven presided at the organ.

The bride wore a blue tulle-trimmed gown with hat to match and carried a shower bouquet of bride's roses. The bridesmaid, Miss Mary Burke, sister of the bride, wore a suit of blue serge and carried a bouquet of roses. The groom's attendant was Leo T. Lockman.

The bride is the elder daughter of Mr. and Mrs. Daniel Burke, residing west of Murrayville. She has been a teacher in the public schools of the county for the past few years, and is a young woman of estimable character.

The groom is the son of Mr. and Mrs. John Casey of Woodson and is highly respected by all who know him. He was in the service during the world war and since he left the army has been engaged in farming operations with his father.

Immediately after the ceremony a dinner was served to a large company of friends at the home of the bride's parents. The cutting of the bride's cake was an interesting event, James Burke receiving the ring, John Casey the needle, Agiball Burke the thimble and Mary Burke the dime.

After a brief wedding trip the young people will be at home to their friends on a farm in the Woodson neighborhood. They begin their wedded life under most auspicious circumstances.

D. A. R. CONCERT IS ARTISTIC SUCCESS

Large Audience Heard Benefit Concert Tuesday Evening—Many Inspected New Chapter House.

An appreciative and enthusiastic audience greeted the artists who presented the program in the benefit given in Rev. James Caldwell house Tuesday evening.

It is seldom that a program of such merit is heard even in this city of so many gifted musicians. All of the artists were at their best and the audience voiced frequent approval of the various numbers.

Clayton C. Quast further enhanced the reputation already gained by his work last evening. Mr. Quast gave two groups of songs which served to show his voice to the best advantage. Perhaps the numbers that met with the greatest favor from the audience were: "Blow, Blow Thou Winter Wind," Roger Quilter, and "My Little House Pierce." As an encore to the first group he gave "Invictus," by Bruno Hahn.

Mrs. Read for her first appearance sang "Depuis le Jour," Aria from Louise by Charpentier. Her last offering was a group of songs. Mrs. Read's singing or "At the Well," by Hageman was especially pleasing. For encore she gave "Song of India" and "Down in the Forest," the last by Landon Ronald. Mrs. Read's singing met with much favor from her audience.

Miss Clara Catherine Moore was on the program for two numbers. This violinist has won an enviable reputation as an artist of rare ability. Her playing of "Les Adieux" Sarasate was a beautiful piece of work and brought an ovation at its close.

Mrs. Francis I. Moats is a new comer in Jacksonville. However, she has won a place with local citizens as a reader of exceptional ability. Mrs. Moats chose for her offering "Writing a Speech for Peter," by J. J. Bell. Her interpretation was such that she was compelled to give an encore which also was received with enthusiasm.

No small part of the success of the program was due to the accompanists Mrs. Helen Ayers Bullard and Miss Belle Mehus.

Mrs. Bullard served as accompanist for Mr. Quast and Mrs. Read. The task was a heavy one but she met every demand and her playing was a great aid to the singers.

Miss Mehus played accompaniments for Miss Moore and her work at all times was all that could be desired.

To the benefit committee, Mrs. Barr Brown, Chairman; Mrs. E. E. Crabtree and Miss Ethel Wylder much credit is due for the success of the concert.

Mrs. Ellen Russell Merrill, chairman of the house committee and her assistants had decorated the chapter rooms in an artistic manner. They also had charge of the arranging of the seats for the audience and this also was done in a manner that gave satisfaction to all.

The ushers were in charge of Miss Mary Jane Wadsworth. They were: Miss Ethel Wylder, Miss Josephine Hayden, Mrs. Ethel Corrington Harber.

When the audience had assembled Miss Sarah Maria Fairbank, Regent of the chapter made a few brief remarks and extended welcome to the guests. A cordial invitation was extended to inspect the Chapter house at the close of the program and many took advantage of the opportunity. The program follows:

Farm Bureau
Notes

Pig Club Echoes—The pig club sale is almost history, but it is in order to say that it was well worth while. The pigs with few exceptions had been cared for extremely well, and it was no easy matter to select the best. Another time it would likely be better to show in classes and avoid comparing breeds for a sweepstakes prize. A different judge for each breed would quite likely meet the popular approval. The most of the pigs were bought back by the boys who had cared for them. Another time it might be well to run thru the sale ring only the pigs which the owners really wished to sell. For the auctioneers had to expend an unusual amount of energy in disposing of pigs that the boys did not care to part with at any price. It was regrettable that ten pigs fed by Waverly boys could not be shown on account of the roads. In fostering a project like this the farm bureau has done a great deal toward creating an interest in pure bred livestock. Especial credit is due the breeders who furnished the pigs and the breeders association for the way they supported the project from the beginning to end. We are wondering how many boys and girls will now take the next step and enroll for a sow and litter club.

Some Pumpkins—The county agent recently spoke at a farmers institute at Bluffs. While there his attention was called to two mammoth pumpkins among the exhibits. One of these weighed 94 pounds and the other 91 pounds. So far these were the two biggest pumpkins he ever saw. Let's hear from others.

Fine Flocks of Poultry—During the past week the county agent has held culling demonstrations at Chris Dahman's, north of Alexander; L. C. Butler's and G. W. Gardner's northeast of Prentice and John Cully's, near Asbury. At Chris Dahman's Buff Orpingtons were used at the Butler farm, Rhode Island Reds, and at Gardner's White Wyandottes. It is in order to state that all of these flocks were far above the average farm flock. If any of our readers live near any of these parties, we advise them to drive over and verify these statements. Mr. and Mrs. Cully are entitled to credit for having we have visited. It is a guess to the most chickens of any farm state how many perhaps \$80. Several breeds are included in this number but they expect to specialize in White Leghorns. The Cullys sold over 200 hens as a result of close cullings. As the flock had previously been credited with 2,000 dozen eggs the income from the flock is no small amount. As they just started housekeeping last January we must give them credit for handling poultry remarkably well.

Swine Sickness—Morgan County has plenty of it. In some places it is cholera and in others the flu. Our veterinarians are using the double treatment for cholera and either accompanying or following this with a bacterin for mixed infection. For some reason or other farmers have not vaccinated as many pigs at weaning time as usual and the losses promise to be quite heavy before the diseases are checked.

Annual Meeting of Farm Bureau—According to the constitution the fourth Saturday in November is the date of the annual meeting of the farm bureau. This is the date at which the officers are elected for the ensuing year. In most counties it is made a big event and in view of our large membership we shall quite likely have a large attendance.

FARM BUREAU TO HOLD ELECTION THIS MONTH

On the third Saturday in November every township in Morgan county should elect a chairman who is a member of the Agricultural Council of the Farm Bureau. On the fourth Saturday in November the annual meeting of the Farm Bureau occurs. At this meeting the officers and other members of the executive committee are chosen. President Chas. S. Black has appointed a committee to revise the constitution and by-laws of the Farm Bureau. The committee will report at the annual meeting.

The executive committee of the Farm Bureau met immediately after the agricultural council meeting on Saturday and authorized the purchase of a new typewriter, adding machine and addressograph. Bills amounting for the month to \$221.07 were ordered paid.

During the next few weeks the county agent expects to hold meetings in every important community center and take up with the members there the lines of work of interest to that community. It is planned to have several members of the executive committee or other interested Farm Bureau members attend an stake part in these meetings. Sinclair, Nortopville, Meredosia, Waverly and Prentice are localities scheduled first. The places and dates will be announced later.

Stewart Company Makes on 18% Cut in Truck Prices

Head of Buffalo Concern Says All Should Join in War on High Costs

Price reductions averaging about 18 per cent., have been announced by T. R. Lippard, president of the Stewart Motor Corporation of Buffalo, manufacturers of automobile trucks.

"This bedrock reduction in Stewart prices means a large temporary loss to the factory while using up material on hand," said Mr. Lippard in making the announcement, "but I believe that all business men should arbitrarily reduce their prices and help put the business of the country on a sound basis quickly, thus insuring continued prosperity and full employment of labor."

The old and new prices of Stewart trucks, as announced, are as follows:

FINDS BALLOTS USED 38 YEARS AGO IN COUNTY

Franklin Resident Finds Relics of Bygone Battles at Polls—His Father Saved Them.

Very few residents of this county have in their possession election ballots dating back more than a few years. Election ballots are all right before and on election day, but after that there is no use for them.

But one county resident stored away both Democratic and Republican ballots of an election held 38 years ago, and only recently were they found by his son, N. C. Wright of Franklin, dead some eight years, was the original owner of the relics of bygone battles for offices. They are now in possession of his son, Burley Wright.

The older residents will probably recall the election of 38 years ago, when these men ran on the tickets.

GOOD JUDGMENT AFTER EATING

Gives the Stomach the Alkaline Effect by a Stuart's Dyspepsia Tablet is Worth Remembering.

You cannot, as a rule, say in advance that this, that or the other food will cause indigestion. Experience has taught most people that even mince pie fits snugly at times while at others agass of milk raises hobs with the stomach.

One good rule to follow is the preventive measure of taking one or two Stuart's Dyspepsia Tablets after meals. You thus avoid gasiness, sour stomach, heartburn and such distresses due to indigestion or dyspepsia. These tablets also help to digest the food by giving the stomach the alkaline effect to offset acidity, they relieve the distress when the mince pie or milk should be more than a match for your digestive powers. Get a 60 cent box of Stuart's Dyspepsia Tablets at any drug store and note how nicely they seem to calm the stomach when it feels all upset. Adv.

Daily Market Report

STOCK MARKET

AGAIN FEVERISH

By Associated Press.
NEW YORK, Nov. 9.—The stock market was again feverish and unsettled today with many additions to the list of low records for the year while United States Steel, long a leader fell to \$31, its minimum since 1917.

Liquidation was at its height in the final hour, transactions for that period being almost 400,000 shares. Selling was then most urgent in oils, steels, equipments and rails, Mexican Petroleum making a net loss of 10 points.

Crucible, Vanadium, American Smelting, Baldwin Locomotive, Reading, Northern Pacific, Southern Pacific, U. S. Rubber, American Sugar, Tobacco Products and Retail Stores embraced the other weaker issues losing 1/2 to 5/8 points. Sales amounted to 1,375,000 shares, the largest in many weeks.

The day was not without its brighter aspects, such as a moderate rally in foreign exchange, especially the British rate and offerings of time money over the year end. These favorable developments were more than offset, however, by further advices of trade readjustments and lower prices.

Banking interests regarding the continued reaction as a logic corollary of existing financial, commercial and industrial conditions but were hopeful of early relaxation of the credit strain.

Bonds were not materially affected by the upheaval in the stock market until toward the close when most domestic and foreign issues became more sensitive, recording variable net losses. Liberty issues were under special pressure at the end. Total sales, (par value) aggregated \$14,275,000.

Prospective Mothers who prepare carefully with Mother's Friend make Child-birth easier

It is recorded of the primitive American Indian women that child-birth with them was entirely painless.

Modern dress was unknown!

Lacking social duties that wreck so many women of today were a minus quantity in their lives; and so it is small wonder that the weaker sex becomes a prey to misgivings when approaching maternity nears the crisis.

But this should not be—because

—the prospective mother can find comfort in **MOTHER'S FRIEND**. An external lubricant that spreads its influence over the skin; penetrates to the broad, flat abdominal muscles, and prepares the way for an easier, quicker and practical delivery.

Many doctors and nurses recommend **MOTHER'S FRIEND**. Get a bottle from your druggist today. For valuable booklet—"**MOTHERHOOD AND THE BABY**"—free, fill-in coupon below and mail direct to the makers of **MOTHER'S FRIEND**.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

A Message of Utmost Importance to Every Woman

The woman, who is suffering from disorders peculiar to her sex, owes it not only to herself, but to her family and those around her to regain her health and strength and charm. Dr. J. Bradfield's Female Regulator is based upon the prescription of an eminent physician, Dr. J. Bradfield, who made the disorders of women his life study; and for half a century women have regarded it a successful medicine for their troubles. Your druggist will promptly supply you with this proven remedy. Try it now, TODAY.

Increased Efficiency Imperative

MR. H. H. HILL, Chemical Engineer of the Bureau of Mines, in discussing the future of gasoline, says: "It is up to the refiners to extract more of petroleum's useful factors from the crude."

This he says can be effected through efficient management and by improved methods of cracking and blending.

Mr. Hill thus expresses the opinion which has dominated the policy of the Standard Oil Company (Indiana) for many years and has enabled this Company to raise its efficiency peak year after year.

The Standard Oil Company (Indiana) has been a leader in developing processes to increase the yield of gasoline from crude oil.

The best known and most successful of its improvements is the Burton process, originated in the laboratories of the Standard Oil Company (Indiana).

Speaking of the Burton Process, Mr. Hill says that

"since it was first installed on a commercial scale it has produced approximately 40 million barrels of gasoline from heavy distillates, and has thus saved approximately 150 million barrels of crude that would have been necessary to produce an equivalent amount of gasoline."

This vast saving has been accomplished without sacrificing quality.

Red Crown, the motor gasoline, made and sold by the Standard Oil Company (Indiana), is acknowledged by petroleum chemists and other authorities to be the standard fuel for motor cars. It more than meets Government specifications, which require an initial of not more than 140 degrees F; 20 percent off at 221 degrees; 50 percent off at 284 degrees; 90 percent off at 374 degrees; and a dry point (complete vaporization) at not more than 437 degrees F.

During the semi-annual test conducted in July 1920, the average for Red Crown Gasoline showed an initial of 102 degrees F; 20 percent off at 210; 50 percent off at 281; 90 percent off at 367, and a dry point of 427 degrees F.

This shows an initial 38 degrees better than Government specifications, which means easy starting; 20 percent off at 11 degrees better than Government specifications; 50 percent off at 3 degrees better than Government specifications; and 90 percent off 13 degrees higher than Government specifications, which is more than made up by the 10 degrees difference in dry point.

This proves that, notwithstanding the greatly increased quantity of gasoline which this Company is able to take from the crude, it has in no way sacrificed quality, and is another indication that the large scale operations of this Company have worked to the distinct advantage of every user of gasoline.

MEREDOSIA AND CHAPIN ORGANIZED

Committees Selected to Assist in Red Cross Survey—Society Does Not Try to Dominate.

Monday Mrs. Heinel and Miss Belden went to Chapin and Meredosia for the purpose of organizing committees to assist in the Red Cross survey now in progress in the city and county. They report the people in these communities as being in a very receptive mood for this work, and found no difficulty in having people volunteer for service.

The rural community work will be carried on in the same manner as that of the city. The students in these towns are fully as willing to undertake the work assigned them as those of the city and with the best material in both city and county working on this survey, the promise of a really valuable report of conditions is excellent.

The Chapin committee consists of Mrs. F. M. Tucker, chairman; Mrs. F. M. Roberts, Mrs. F. G. Eller, Mrs. W. W. Anderson, W. W. Woodward, Fred Schulte, branch chairman.

In the Meredosia precinct C. P. Hedrick, branch chairman and Mrs. Luther Price as chairman will appoint a committee to take up the work.

Waverly and Franklin are next to be organized, and judging from the inquiries that have reached the Chapter headquarters from these localities, it will be an easy matter to effect the organization.

The people composing the committees in the rural districts are especially worthy of commendation for the reason that their work is carried on under circumstances that are not as favorable as those in the city.

The question has frequently been asked as to the scope of the Red Cross in its reconstruction work, and as to its relation to other organizations doing similar work. The answer is that the

Red Cross will not undertake to dominate in the field against any other activity doing social work but seeks to co-ordinate the efforts of all, in order to avoid overlapping.

Among the works in which the Red Cross is now at work in its peace time program, may be mentioned the following: Public health nursing, health centres, first aid classes, home care of sick, home hygiene, nutrition, family welfare and recreation.

The Red Cross is not allowed to construct buildings for any of these purposes as it is considered that such buildings are a matter for general taxation. The local Chapter has been loaned a secretary by the state headquarters, until such time as it is enabled to procure one permanently.

Miss Parks will be in charge of the chapter office for the present, and affairs are scheduled to run smoothly.
